

Payescape is the leader in UK payroll, Human Resources, and Time Management solutions. Our web-based technology simplifies your payroll and HR administration and you get world-class customer service from our CIPP-certified team.

No more spreadsheets and manual processes – our easy-to-use online solutions take the administrative burden away so you can focus on your business.

Easy-to-use Online Payroll

Our solutions are 100% web-based, so you can work on any browser or web-enabled device. .

Integrated Software

Payescape integrates with hundreds of Time Management, Accounting and HR Software solutions. If you can export a CSV file, we can work with it!

HMRC and Auto-Enrolment

We automatically calculate, pay and file your payroll taxes with HMRC. We also manage all aspects of auto enrolment from checking employee eligibility to linking with your preferred pension provider.

HR Administration Solutions

Manage all aspects of HR administration with HRescape. You can approve and monitor holiday, record working time and calculate wages, allocate time and staff expenses to clients, projects, and activities, and much more.

CIPP-Certified Team

Our customer care team is certified by the Chartered Institute of Payroll Professionals and available to help with any questions.

Time and Attendance Solutions

Our web-based time and attendance software, Timescape, improves your workforce efficiency, reduces labour costs, and removes manual errors.

Employee Self-Service

Your employees can enter and edit their information online, view payslips and P60's and request holiday through our self-service portal.
